

By Car (and notice about parking)

Approaching from the east on M25, leave motorway at junction 6 and take A22 signposted Croydon. This takes you directly into the centre of Purley approaching along the Godstone Road. Go under the railway bridge and keep in the right-hand lane. After the second set of traffic lights bear right and follow signs for A235 South Croydon. The church is on the left just beyond the pelican crossing and immediately before Purley Hospital.

Approaching from the west on M25, leave the motorway at junction 7 and take the M23 northbound for London and Croydon. Continue on the A23 signposted Croydon until you approach Purley along the Brighton Road. Opposite Tesco keep in the right-hand lane approaching the traffic lights and continue straight on across 2 sets of lights and signed for A235 South Croydon. The church is on the left just beyond the pelican crossing and immediately before Purley Hospital.

Approaching from the north down the A23 (Purley Way), there is no left turn at the traffic lights with the Brighton Road. You should, therefore, turn left at the traffic lights at the top of the hill along Edgehill Road (top of map). Turn right at the small roundabout onto Pampisford Road. There is some parking in Pampisford Road, non-metered parking coming down the hill beside the rotary field and metered between Christchurch Road and the junction with Purley Way. There is pedestrian access to the church between Pampisford Road and Brighton Road.

Parking

There is very limited parking at the church and therefore you will require a car parking permit to use car parking spaces in the church property. This does not apply on Sunday mornings

There is a small pay-and-display car-park alongside the church but this is usually busy on a Saturday. There is a bigger multi-storey park, entrance in Whytecliffe Road South. Approaching from the M25 as above, go past the church and turn right at the next set of traffic lights. The car park is around the bend and on the right just before Purley Station. The first 2 floors are short-term (2hr max). Approaching from the north, continue along the Purley Way to the one-way system. Follow the signs for A22 Godstone and keep in the left-hand lane. At the 4th set of lights turn sharp left into the High Street, and continue to the next set of lights. Turn right into Whytecliffe Road South and continue as above.
